Roger Murphy had it all. A great apartment in the Marina District, the best dog in the world and the most widely debated column in the San Francisco press. But when the ground started to shake, he was on the point of losing it all... and all of a sudden he found himself fighting to survive. Just when he was on the edge of the abyss, Viktor Frankl entered his life and transformed it.

The Holocaust survivor and author of Man's Search for Meaning will relate his experience in the Nazi death camps, his triumphant rise from the ashes and the message that will free Roger from his dilemma:

Frankl's secret...

The last freedom of humankind.
