SPRING

2010

Season: SPRING 2010

We currently face a new Web that bonds people with social links powered by technology. Web users are now better informed and know exactly what they want.

From a marketing point of view, a company new challenge is taking advantage of the opportunities presented by the new Web and the social networks in order to reach customers in a direct and personalised way, capture their attention, increase their confidence and access their influence social networks.
