Genre: Social Science and religion

SPRING

2010

Season: SPRING 2010

Today, money has become the focus of all attention of humankind and, in doing so, it has become the New God. Searching for it, many people are just a shadow of themselves and behind this obsession we find the real human being.

Facing with honesty and courage our relationship with money is something that will allow us to obtain a more humane dimension. We cannot be free if we do not know what forces and instincts define us.
