"Frei's Stories" are the funny misadventures of a child who isn't looking for trouble (nor wants it), but still attracts it like a magnet. A new series written and illustrated by Mikel Valverde, in the style of Manolito Gafotas. Frei is clear about his goal for the new school year: to win the love of the beautiful Mireia López, the new arrival at school. But to win her over, he must first please his friend Marta Fernández, a real expert at getting him into trouble. Soon Frei's friends meet Il Professore, an old man who is tired of living in his retirement home and wants to go back to school. He's got a bizarre deal to suggest to them, and who ends up as the volunteer? Poor old Frei, of course!
