Read report: [No nos representan: El manifiesto de los indignados en 25 propuestas](#) [3]

Who do 'los indignados' accuse of causing the crisis? What are they asking for? What is their strategy? Their manifesto? Will they change the course of Europe? Is this a global citizens revolution? 'Los indignados' want a different social model and they know it's possible. They've sent a message from city squares all over the world: we want it all and we want it now. The result is a chain reaction, an ethical revolution that points the finger at all political parties. They aren't protesting, they're demanding. In exchange, they have a manifesto full of proposals. Real democracy for real citizens.

In 'No nos representan', Pilar Velasco, a young investigative journalist from the Ser channel who has been at the Puerta del Sol protest site since the beginning, has collected the manifesto of 'los indignados' in 25 proposals. They are open demands that try to offer solutions.
